We Ship Railway Express Collect Unless Advised Differently by Customer

EDELWEISS

(*Leontopodium Alpinum*)

Per 10 . . . \$2.25 Per 100 . . . \$17.50

This interesting white leaved plant is eagerly sought by tourists in the Swiss Alps. The plant is low-growing from 6 to 12 inches high and densely covered with a whitish wool. The leaves are silvery-gray and lie almost flat on the ground. A flower stem, which has 3 or 4 starlike flowers, grows from the center. The true flowers themselves are small and inconspicuous, but they are surrounded by this star-like cluster of wooly leaves. The specimen is considered very hardy and will withstand very severe winters. It will grow in any good sandy soil in which some limestone has been mixed.

EUPHORBIA

Per 10 . . . \$1.75 Per 100 . . . \$12.00

POLYCHROMA — A beautiful plant growing 1 foot high, forming a hemispherical clump covered with yellow flowers in May and June, changing to a rosy bronze.

HARDY FIELD GROWN PHLOX

All 1 year old plants which we have seen in bloom and therefore know that they are true to name. By efficient modern methods of growing, we can produce high quality Phlox at the unbelievably low prices listed. For best results we recommend shipping Phlox after October 10. Hardy Phlox thrive best in a good rich soil which has been properly fertilized and loosened to a depth of 12 inches. Truly a wonderful flower for that splash of color during July and August.

	per 10	per 100		per 10	per 100

WM. KESSELRING—Dark violet with white eye 1.75 14.00

Write for Special Prices on orders of 1000 or more plants of a variety. These plants are all field-grown, transplanted in wide rows and properly spaced to make good looking stock.

To keep our prices down to a minimum we must have cash with order or 25% with order and balance C.O.D. 5 plants invoiced at 10 rate and 20 or more at 100 rate.

Please specify the exact date you wish order to be shipped, and also the method, viz.; truck, freight, rail express or parcel post. All shipments made F.O.B. Zeeland, Michigan. All shipments travel at purchaser's risk. Our responsibility ceases when goods are delivered to carrier in good condition. Claims for loss, damage or delay in transit should be filed immediately with the delivering carrier. We are ready at all times to render assistance with the preparation of a claim should you so desire.

ADDITIONAL SERVICES AVAILABLE

If you can sell wrapped perennials over the counter, that is, individually wrapped plants in moisture proof paper with a 4 color picture and planting instructions attached thereto, we have just exactly what you have been looking for. Our minimum order is 48 plants or 1 case for \$9.60 FOB Zeeland (20 cents per plant). If you wish we will pack 12 plants each of 4 different varieties per case.

For best results this package should be handled only during the early spring, that is, before April 20th. Arrangements should be made to have a fresh shipment come in every 8 to 10 days.

We also grow a limited quantity of "canned" perennials each spring. We take our field-grown plants and plunge them into 1 gallon cans. We have tried smaller pots in the past with mixed results. It makes sense that a perennial set in 1 gallon of good soil with the proper nutrients will require less attention at your store and it's a proven fact that most customers are willing to pay a bit more for something good. We get \$40.00 per 100 for the above mentioned material FOB Zeeland. We are able to arrange delivery at cost on truckload lots.

WALTERS PHLOX SUBULATA

(CREEPING PHLOX)

An early spring flowering type with pretty moss-like, evergreen foliage, which during the flowering season, in April and May, is hidden under the masses of bloom. An excellent plant for rockery, the border, and invaluable for carpeting the ground or covering graves.

Clean Healthy Undivided Clumps

	per 10	per 100
APPLE BLOSSOM—Very delicate soft pink on light green foliage.....	1.75	14.00
ATROPURPUREA — Rich wine red..	1.75	14.00
BLUE EMERALD — A blue sport of Emerald Pink	1.75	14.00
BLUE HILLS — Showy sky blue.....	1.75	14.00
CARMINE BEAUTY — Brilliant carmine rose	1.75	14.00
CRIMSON BEAUTY — Large flowers of brilliant red covering the dense soft mats of foliage.....	1.75	14.00
DIXIE BRILLIANT — Brilliant free flowering variety. Individual flowers are large and a most brilliant cyclamen-red with small deep carmine center ..	1.75	14.00
EMERALD PINK — A close compact evergreen foliage, florets of unusual size, color a pure unbleached pink....	1.75	14.00
GARY PINK — A pink with larger pink florets than most other types of Pink Subulatas. Good foliage and growth habits makes this a worthy addition to your line of Creeping Phlox.....	1.75	14.00
INTENSITY — A striking newcomer. Evergreen foliage mounds are loaded with bright cerise flowers during early spring	1.75	14.00
MAY SNOW — Our best, pure white variety. Field clumps are 3 to 5 inches across now, but 6 to 8 inches across when in bloom, very dwarf.....	1.75	14.00
PHLOX ELAIRE — Deep rich, rose pink, upright style, 12 inches.....	1.75	14.00
PINK PERFECTION — A very nice pink with a deeper red eye.....	1.75	14.00
RED WING — Nearest substitute for Dixie Brilliant with much better foliage and absolutely hardy in our area.....	1.75	14.00

	per 10	per 100
ROSALINA—A vigorous grower, bright crimson, very showy.....	1.75	14.00
ROSEA — Bright rose.....	1.75	14.00
SCARLET FLAME — Reddest of the creeping phlox. Flowers of nicely rounded petals of bright scarlet red, cover 4-6 inches of mounds of foliage	1.75	14.00
SAMPSON — Almost identical to Vivid in color. However this variety is a faster grower and yet is noted for being an exceptionally uniform compact plant..	1.75	14.00
VIVID — Bright vivid pink florets with a dark pink eye in little clusters over soft foliage	1.75	14.00
WHITE DELIGHT — Probably the largest pure white in existence today, on bright green foliage.....	1.75	14.00

250 Plants or more of one Variety will cost only 12 cents per plant.

We know how to pack these so that they will arrive in perfect condition. But please take care of them at once upon arrival.

WALTERS GROWN

1 year old

PHLOX SUBULATA

As advertised — our Lining Out Stock is planted out in the open field during April and these plants are capable of producing a mound of blooms 8 to 12 inches across within 13 months.

WALTERS PHLOX SUBULATA
